

Will you join us as we work to improve the lives of young people with attendance problems?

Your work is the keystone to progress in school attendance; we would like to share it with others throughout the world. Submit a proposal for your contribution to [INSA's 2022 Conference](#), based on research, practice, or policy.

Proposals are welcome until May 25, just around the corner. A few reasons to contribute to this international event ...

1. This is a unique opportunity to share your work and benefit from the input of others from around the world.
2. Faster dissemination of your outcomes and ideas to a worldwide audience.
3. Introduce colleagues & students to the field of school attendance; foster interest in research, practice, & policy.
4. You will be part of the exciting process of making waves to advance school attendance.
5. You will get to take a break from routine and recharge your batteries, via an in-person gathering by the sea.

We welcome all kinds of contributions; [see the brochure](#), [submit a proposal via the website](#).
